KHALED ALNWELATE MASRE

JUNIOR SOFTWARE ENGINEER

Jeddah, KSA | +966 50 706 7641 | khaledalnwelate@gmail.com | github.com/khalednm-byte

PROFESSIONAL SUMMARY

Software Engineer with a bachelor's degree and academic and personal experience for 4+ years in IT, robotics, game development, and IoT. Developed a 2D platformer using Godot and completed internships involving ROS 2, Gazebo Fortress, Arduino, STM32, and Raspberry Pi. Fluent in English, comfortable working across software and hardware environments.

TECHNICAL SKILLS

Programming: C, C++, Java, C#, SQL, Python
Technologies: Linux, ROS 2, Gazebo Fortress, Godot, Arduino, STM32, Raspberry Pi, Git/GitHub
Core Strengths: Problem-solving, research, teamwork, continuous learning
Languages: English - Fluent | Turkish - Basic conversational | Arabic - Native

EXPERIENCE

ALTINBAŞ EVA TEAM | Robotics Systems Intern — Dec 2025 - Mar 2026

- Tested Arduino-based brake control across 4 operating scenarios, implementing PWM control to replace abrupt on/off actuation with gradual braking.
- Developed and tested ~4 robotics simulation scenarios using ROS 2 and Gazebo Fortress to evaluate sensor fusion and localization accuracy under varied environmental conditions.

DODOTIK | IoT Solutions Intern — Jun 2026 - Jul 2026

- Built a Raspberry Pi–based person-detection system using YOLO, integrating camera input with automatic siren activation.
- Collected 7 BME688 sensor readings across 2 fresh and used engine-oil samples, preparing CSV datasets for classification experiments.
- Validated siren activation in 90/100 tests across three lighting levels (bright, dim, dark) and four distances (5, 10, 20, 30 m).

SELECTED PROJECT

ROYAL BLOOD | Graduation Video Game Project — Nov 2025 - May 2026

Developed a playable 2D platformer in Godot with 3 levels and 8+ implemented gameplay systems, including movement system, combat system, health system and NPCs AI system.

Conducted playtesting with 4 participants, identifying and resolving 13 reported gameplay issues.

EDUCATION

ALTINBAŞ UNIVERSITY | Istanbul / Türkiye — 2022 - 2026

Bachelor of Science (B.S.) in Software Engineering | English-taught program
GPA: 3.25 Honors Student

CERTIFICATIONS

C++ Intermediate Certificate (2023) – Sololearn.com
SQL Intermediate Certificate (2024) – Sololearn.com
Certificate of Appreciation (2023) - ALTINBAŞ UNIVERSITY
